TECHNICAL DATA SHEET

CM-828

CONCENTRATED ALL-PURPOSE CLEANER / DEGREASER

PRODUCT DESCRIPTION

CM-828 is a general purpose detergent designed to remove a majority of soils including oils, greases, smut, and shop dirt from painted and unpainted surfaces, tile, hard flooring, brick, vinyl, plastic, and metal surfaces. **CM-828** is also an excellent foam-on cleaner for heavy machinery, truck bodies and railroad cabs. **CM-828** will not etch or pit metal surfaces. **CM-828** is non-flammable, caustic and phosphate free.

BENEFITS:

- Economical & Easy to Use
- No Phosphates
- Effective on Most Soils
- Safe for Most Surfaces

PHYSICAL PROPERTIES

| | |
|--------------------|----------------------|
| Appearance: | Clear Viscous Liquid |
| Odor: | Pleasant |
| Lbs/Gal: | 8.75 |
| pH of Concentrate: | 12.7 – 13.0 |
| Rinsability: | Excellent |

APPLICATION

For general cleaning: Dilute with 20 parts water. Apply to soiled surfaces with brush, rag or by spraying. Scrub heavily soiled areas with a brush, then rinse with hose and allow to dry.

Steam Cleaning: Dilute with 60 parts water. Soil level and substrate will dictate the proper use level to accomplish satisfactory cleaning.

For foam-on cleaning of heavy machinery use **CM-828** at a concentration of 10-20% by volume. Foam-on and rinse with hot pressurized water.

SAFETY AND HANDLING

Refer to material safety data sheet for additional information about this product.
